The background of the slide is a long-exposure photograph of a high-speed train at night. The train is blurred into a streak of light, moving from the foreground towards the horizon. The tracks are also blurred, creating a sense of motion. The scene is illuminated by blue and white lights, likely from the train and surrounding infrastructure. In the bottom left corner, there are two overlapping geometric shapes: a blue triangle pointing right and a yellow trapezoid pointing left.

1. ÖPNV Zukunftskongress 3.–5. Juli 2023
